Re: Proposed ISFSI Pad and Related Modifications

Dear Mr. Twomey,

I recently reviewed, with George Thomas, Project Manager, Entergy's plan to install a second ISFSI Pad and related modifications at the Vermont Yankee Station.

Based on our discussions, I know the Windham County Sheriff's Office can provide adequate police protection services for the project without unduly burdening the office. As described, the proposed project will not have an adverse effect on the public health and safety in the Town of Vernon.

Effective June 24, 2014 the Windham County Sheriff's Office will be the primary law enforcement entity in the Town of Vernon and responsible for responding to any calls for police services at Vermont Yankee.

Sincerely,
