Re: Proposed ISFSI Pad and Related Modifications

Dear Mr. Twomey,

I recently reviewed Entergy's plan to install a second ISFSI Pad and related modifications at the Vermont Yankee Station. The Vernon Fire Department can provide adequate fire protection services for the project without unduly burdening the Department, and the proposed project will not have an adverse effect on the public health and safety in the Town of Vernon.

Sincerely,

A handwritten signature in black ink that reads "Todd Capen".

ToddCapen, Chief
Vernon Fire Department
