**Re: Request for Information and Records,
Vermont Yankee Nuclear Power Station
License No. DPR-28**

Dear Director Schwer:

Attached please find the response of Entergy Nuclear Vermont Yankee, LLC (“Vermont Yankee”) to the Vermont Agency of Natural Resources’ (“ANR”) March 6, 2015 Request for Information and Records (“RFI”), which Vermont Yankee received on March 10, 2015. Consistent with your email of March 23, 2015 to Joseph Lynch, which is attached as Attachment A, ANR granted a three-day extension of the 14-day deadline contained in the RFI, allowing Vermont Yankee to respond by today’s date.

Vermont Yankee appreciates that extension, as well as the opportunity to meet with your Staff on March 19, 2015 to discuss the RFI. Vermont Yankee’s view is that that meeting represents the beginning of a productive, collaborative process with ANR about the Vermont Yankee site.

Attachment B is Vermont Yankee’s response to the RFI, in the form of correspondence from Vermont Yankee’s counsel. Attachment C is the detailed response, including certain documents responsive to particular requests. Please do not hesitate to contact me if you have any questions.

Best regards,
