Re: Docket No. 8300: Petition of Entergy Nuclear Vermont Yankee, LLC and Entergy Nuclear Operations, Inc., for a certificate of public good, pursuant to 30 V.S.A. § 248 and 10 V.S.A. § 6522, authorizing the construction of a second independent spent fuel storage installation storage pad and related improvements, including installation of a new diesel generator with an electrical rating of approximately 200 kW, at the Vermont Yankee Nuclear Power Station in the Town of Vernon, Vermont

Dear Mrs. Whitney:

On behalf of Entergy Nuclear Vermont Yankee, LLC, and Entergy Nuclear Operations, Inc. (together "Entergy VY"), we are filing this response to the request of the Public Service Board (the "Board") in its Order entered February 4, 2016 concerning Entergy VY's December 21, 2015 Motion for Continued Confidential Treatment of certain discovery responses that were to be filed under seal with the prefiled testimony of the Department of Public Service (the "Department"). As the confidential discovery attachments were not ultimately filed with the testimony of the Department, Entergy VY confirms that a ruling on the Motion for Confidential Treatment filed December 21, 2015 is no longer requested by Entergy VY (and is not needed).

Very truly yours,

DOWNS RACHLIN MARTIN PLLC
