

State of Vermont
Public Utility Commission

MEMORANDUM

To: People Who Do Business with the Vermont Public Service Board
From: Anthony Z. Roisman, Chairman 
Re: Name Change to Vermont Public Utility Commission
Date: July 3, 2017

Pursuant to Section 9 of Act 53 of 2017, as of July 1, 2017, the Vermont Public Service Board's **new name is the Vermont Public Utility Commission**, which is abbreviated as the PUC or as the Commission. Our new name more clearly reflects our existing statutory responsibilities and will reduce confusion between us and the separate state agency known as the Public Service Department.

Other changes that occurred on July 1, 2017, include:

- New clerk email address of puc.clerk@vermont.gov
- New web address¹ of <http://puc.vermont.gov>
- New name for ePSB - ePUC will be found at <http://epuc.vermont.gov>
- New email address for ePUC System Administrator of puc.ePUCadmin@vermont.gov
- Rules of the Public Service Board that were in effect as of July 1, 2017, are now rules of the Commission

For clarity, actions of the Public Service Board that were taken before the name change will be referred to as actions of the Commission unless that would be confusing in the specific situation.

Please note that our mailing and physical addresses and telephone numbers are not changing.
